DETAILED ACTION

Reasons for Allowance

Claims 1-24 are allowed.

The following is an examiner's statement of reasons for allowance: Regarding claims 1, 6 and 9, the closest prior art of record, Nagase et al (Fig. 5) does not disclose the following limitations: a first current source for shifting a DC saturation voltage of the first transistor by providing an approximately equal DC voltage on the transimpedance amplifier input port.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Patent numbers (5,952,887; 5,216,386) are the transimpedance amplifiers.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Henry Choe whose telephone number is (571) 272-1760.
